HARIKA YEDIDI

(856) 580-3626 | harika4a@gmail.com |https://harikayedidi.github.io/

EXPERIENCE:

Full Stack Web Developer: LI-COR Biosciences, Lincoln, NE   August 2018 – Present
- Develop and maintain web pages and applications including e-commerce websites using the latest web technologies.
- Collaborate with the back-end developers to build internal API's and integrate external API's with the website for fast and seamless user experience.
- Designed and built the UI for the software sales ecommerce workflow.

Front End Web Developer: LI-COR Biosciences, Lincoln, NE   Oct 2015 – July 2018
- Created the front-end for amazing user interactions by working alongside the graphic designers and ensured cross browser/platform compatibility.
- Streamlined a development process that improves the performance and security of applications which gather customer data using online forms.
- Coded a new project request system from scratch using PHP, JavaScript for the marketing team and developed an internal news update system for the company using WordPress.
- Built a few mini web applications as part of the website for a good user experience.
- Accelerated the process of re-building the entire website by learning and educating the team about the current popular tools and technologies.

Front End Developer Intern: NYU Incubators, NY   Feb 2015 - May 2015
- Developed a web based resume portfolio for interns working at the NYU funded start-ups where recruiters can directly reach out to the students using the messaging system in the tool.

Web Application Developer Intern: NYC Comptroller Office, NY   Jun 2014 - Aug 2014
- Developed a web application to keep track of the vacant cubicles in the office building using Java.
- Collaborated with the web engineers to resolve technical issues and launched the application on the organization's server.
